A Whole New Kind of Clean...

Designed and formulated by dermatologists to provide fast relief for itchy, foul smelling, infected skin, and hair loss due to itching. Effective at cleansing and restoring skin back to a healthy condition. Normal shampoos mask odors with fragrance.

Without properly clean skin...

• Allergens remain in contact with skin contributing to irritation
• Bacteria and fungus continue to grow
• Topical and oral treatments are less effective

Benefits...

• Proven to reduce itching and smell and improve pet’s skin without antibiotics
• Maintains pet’s natural moisture
• **Splash Plus**: Deep cleaning and additional anti-inflammatory properties gained from Salicylic Acid
